SUMMARY

Motivated software developer with experience in web development, payment gateways, and authentication systems. Skilled in Javascript, SQL, and adept at leading teams to deliver secure and scalable solutions. Seeking to apply my expertise in a dynamic organization.

INTERNSHIP EXPERIENCE

Software Developer Intern — Camp, Pune
ISKCON PhonePe Integration — Jul 2023 - Oct 2023

- Individually worked on PhonePe integration with PHP live server
- Developed and refined a secure payment gateway solution
- Continuously tested and troubleshooted in a live server environment independently
- Actively contributed to improving team workflows and communication

PROJECTS

CollabSphere — **SvelteKit, Node.js, MongoDB** — **Jan 2023 - May 2023**

- Developed alternative collaborating software like Microsoft Teams with Linux, Nginx, and Docker for deployment with enhanced efficiency and user adoption.
- Implemented **real-time messaging**, file sharing, and task management to boost team productivity.
- Utilised and Implemented Bcrypt.js and JsonWebTokens for authentication and security.

Reach Me — **Node.js / HTML/ OpenAI/ OAuth2** — **Aug 2024 - Sep 2024**

- Developed an automated email processing system integrating Gmail and OpenAI APIs to fetch, label, and reply to emails, improving efficiency and communication workflows for users.
- Leveraged AI-powered email categorization by integrating OpenAI's language models to analyze email content, automatically assigning labels and generating personalized responses based on context.

Sudoku Solver with Backtracking — **C, Backtracking** — **Feb 2024 - Mar 2024**

- Crafted a C-based Sudoku solver employing **recursive backtracking** for diverse puzzle resolutions
- Ensured Sudoku rule adherence by implementing **robust validation checks** for row, column, and subgrid placements

TECHNICAL SKILLS

Languages:	JavaScript, SQL, HTML, React, C/C++, CSS
Tools:	VS Code, Git/GitHub, Dev-C++, MS Excel, MySQL Workbench
Libraries:	JWTs, Bcrypt.js, Socket.io, Mongoose, React.js, OAuth2
Frameworks:	Node.js, Svelte, SvelteKit, MongoDB, Express, Bootstrap, Scrum

EDUCATION

Symbiosis Institute of Technology — **Pune, Maharashtra**
B.Tech - **CGPA: 7.616** — July 2025
